BNP Paribas is headquartered in Paris, France with a global network of locations in 64 countries, including the United States. In 2016, we announced the creation of BNP Paribas USA, Inc., our US bank holding company headquartered in New York, to confirm our long-term commitment to the US market. We are one of the select few non-domestic banks with the scale, resources, and ambition to be competitive in the region, where we serve over 2,000 corporate and institutional clients.
